

Derma Nation

Derma Nation Global Expo and Congress
Where Science Meets Aesthetics, Innovation Meets Opportunity

Scientific Program Overview

16–18 November 2026
Dubai - United Arab Emirates

An international scientific congress dedicated to excellence in aesthetic medicine, dermatology, surgery, regenerative science, devices and innovation.

ORGANIZED BY - PERFECTION MEDICAL
CONFERENCES AND SEMINARS ORGANIZING CO

CONGRESS OVERVIEW

The Derma Nation Global Expo & Congress 2026 is an international scientific meeting designed to deliver high-level, evidence-based education across the full spectrum of aesthetic and regenerative medicine.

CONGRESS HIGHLIGHTS

- 3 days of intensive scientific education
- 8 comprehensive scientific tracks
- 3 parallel scientific halls
- 8 - 12 industry-sponsored scientific symposia
- 8 Advanced Workshops
- International expert faculty and key opinion leaders

The program is structured to allow delegates to customize their learning journey according to their specialty, clinical interests and level of expertise.

SCIENTIFIC TRACK OVERVIEW

The scientific program is organized into eight dedicated tracks, covering the full spectrum of modern aesthetic and regenerative medicine

- Aesthetic Dermatology & Clinical Laser Science
- Injectables & Advanced Facial Aesthetics
- Regenerative Aesthetic Medicine
- Cosmetic, Functional & Regenerative Gynecology
- Aesthetic Surgery & Surgical Rejuvenation
- Trichology & Hair Restoration
- Aesthetic Devices, Innovation & Emerging Technologies
- Cosmetology, Skin Health & Wellness Science

Each track has been curated to ensure scientific depth, clinical relevance and practical application.

PROGRAM STRUCTURE

The congress program runs across three parallel scientific halls, allowing focused and specialty driven learning.

HALL A

- Dermatology, Regenerative Medicine, Gynecology & Devices

HALL B

- Injectables & Aesthetic Surgery

HALL C

- Cosmetology, Hair Restoration & Emerging Technologies

The program includes:

- Opening & closing plenary sessions
- Track-based scientific sessions
- Industry-sponsored scientific symposia
- Scheduled networking and exhibition breaks

DAY 1 OVERVIEW

Theme

Foundations, Core Science & Evidence-Based Practice

HALL A

Track 1 – Aesthetic Dermatology & Clinical Laser Science

Track 7 – Aesthetic Devices & Emerging Technologies

HALL B

Track 2 – Injectables & Advanced Facial Aesthetics

HALL C

Track 8 – Cosmetology, Skin Health & Wellness Science

Day 1 focuses on core dermatologic science, injectables fundamentals, skincare, lasers and emerging technologies.

DAY 1 - NOVEMBER 16 - HALL A - TRACK 1 & 7

Track 1 - Aesthetic Dermatology & Clinical Laser Science

- Skin rejuvenation strategies
- Pigmentary disorders and melasma
- Acne and rosacea management
- Combination treatment protocols

Industry-Sponsored Scientific Symposium
Track 7 – Laser & Energy-Based Device
Innovations

Track 7 - Aesthetic Devices & Emerging Technologies

- Fractional and hybrid technologies
- RF microneedling and ultrasound devices
- AI and robotics in dermatology
- Device safety and standard

DAY 1 - NOVEMBER 16 - HALL B - TRACK 2

- **Track 2 - Injectables & Advanced Facial Aesthetics**
- Facial anatomy and danger zones
- Dermal fillers: selection and placement
- Layer-specific injection techniques

Industry-Sponsored Scientific Symposium
New-Generation Hyaluronic Acid
& Hybrid Fillers

Track 2 - Injectables & Advanced Facial Aesthetics

- Advanced toxin applications
- Lower face and neck rejuvenation
- Gender-specific facial aesthetics
- Complication management
- Vascular occlusion protocols
- Ultrasound-guided injections

DAY 1 - NOVEMBER 16 - HALL C - TRACK 8

- **Track 8 - Cosmetology, Skin Health & Wellness Science**
- Cosmeceuticals and formulation science
- Evidence-based skincare protocols
- Chemical peels and resurfacing

Industry-Sponsored Scientific Symposium Advanced Dermocosmetics & Skin Health Solutions

- **Track 8 - Cosmetology, Skin Health & Wellness Science**
- Hyperpigmentation management
- Nutrition and skin aging
- Anti-aging science
- Holistic and integrative beauty approaches

DAY 2 OVERVIEW

Theme

Regeneration, Surgery & Advanced Procedures

HALL A

Track 3 – Regenerative Aesthetic Medicine

HALL B

Track 5 – Aesthetic Surgery & Surgical Rejuvenation

HALL C

Track 6 – Trichology & Hair Restoration

DAY 2 - NOVEMBER 17 - HALL A - TRACK 3

Track 3 – Regenerative Aesthetic Medicine

- PRP and PRF protocols
- Growth factor science
- Exosomes and cell-based therapies
- Regulatory and safety considerations

**Industry-Sponsored Scientific Symposium
Autologous Regenerative Therapies**

Track 3 – Regenerative Aesthetic Medicine

- Nanofat and microfat harvesting
- Facial and body regeneration
- Tissue engineering
- Future directions in regenerative medicine

DAY 2 - NOVEMBER 17 - HALL B - TRACK 5

Track 5 – Aesthetic Surgery & Surgical Rejuvenation

- Blepharoplasty techniques
- Facelift evolution
- Minimally invasive surgical approaches

Industry-Sponsored Scientific Symposium
Advanced Surgical Technologies

Track 5 – Aesthetic Surgery & Surgical Rejuvenation

- Rhinoplasty trends
- Ethnic and revision rhinoplasty
- Liposuction and body contouring
- Fat grafting techniques
- Scar management
- Surgical complications
- Risk management and patient safety

DAY 2 - NOVEMBER 17 - HALL C - TRACK 6

Track 6 – Trichology & Hair Restoration

- Hair loss evaluation and diagnosis
- Male and female pattern hair loss
- PRP, PRF and exosomes for hair
- Regenerative hair therapies

**Industry-Sponsored Scientific Symposium
Hair Restoration Devices & Technologies**

Track 6 – Trichology & Hair Restoration

- FUE and FUT techniques
- Mesotherapy protocols
- Combination hair loss treatments

DAY 3 OVERVIEW

Theme

Women's Health, Innovation & Global Trends

HALL A

Track 4 – Cosmetic, Functional & Regenerative Gynecology

HALL B

Track 2 – Advanced Injectables

HALL C

Track 7 & Track 8 – Technology, Devices & Global Aesthetic Trends

DAY 3 - NOVEMBER 18 - HALL A - TRACK 4

Track 4 – Cosmetic, Functional & Regenerative Gynecology

- Aesthetic gynecology
- Sexual health and functional outcomes
- PRP and regenerative gynecology

Industry-Sponsored Scientific Symposium
RF & Laser Technologies in Gynecology

Track 4 – Cosmetic, Functional & Regenerative Gynecology

- Vaginal rejuvenation
- Labiaplasty and perineoplasty
- Hormonal wellness
- Quality of life and long-term outcomes

DAY 3 - NOVEMBER 18 - HALL B - TRACK 2

Track 2 – Injectables & Advanced Facial Aesthetics

- Full-face rejuvenation strategies
- Combination injectable protocols
- Profiloplasty and facial harmony

Industry-Sponsored Scientific Symposium
Biostimulators & Collagen Induction

Track 2 – Injectables & Advanced Facial Aesthetics

- Managing complex cases
- Revision and secondary treatments

Industry-Sponsored Scientific Symposium
Ultrasound-Guided Injectables

DAY 3 - NOVEMBER 18 - HALL C - TRACK 7 & 8

Track 7 & 8 – Innovation & Future Trends

- Global trends in aesthetic medicine
- Technology-driven practice evolution

Industry-Sponsored Scientific Symposium
Next-Generation Energy-Based Devices

Track 7 & 8 – Innovation & Future Trends

- Device safety and clinical standards

Industry-Sponsored Scientific Symposium
AI & Digital Dermatology

WHO SHOULD ATTEND

The Derma Nation Global Expo & Congress is designed for medical professionals and healthcare leaders involved in aesthetic, dermatologic, surgical and regenerative medicine who seek advanced scientific knowledge, clinical excellence and future-focused innovation.

- Dermatologists
- Aesthetic & Cosmetic Physicians
- Plastic, Aesthetic & Reconstructive Surgeons
- Maxillofacial & Oral Surgeons
- Gynecologists & Women's Health Specialists
- Trichologists & Hair Restoration Specialists
- Regenerative Medicine Practitioners
- Cosmetologists & Medical Aestheticians
- Somatologists & Skin Therapists
- Residents, Fellows & Early-Career Physicians
- Clinic Owners, Medical Directors & Healthcare Entrepreneurs

REGISTRATION PASS

Standard pass includes:

- Access to all scientific sessions
- Industry-sponsored symposia
- Exhibition area
- Early access to workshop registration
- Certificate of participation
- CME Certificate
- Access to poster & e-poster sessions
- Congress app access (agenda, networking, matchmaking)
- Networking & social events (including gala dinner)

CONGRESS PASS CATEGORIES

FOUNDING MEMBER PASS – FEE 350 USD

(Applicable for first 100 registrations)

All the benefits of standard pass plus

- Free 3 nights hotel stay
- 1 Free premium workshop
- Priority seating at opening ceremony
- VIP registration lane access

EARLY BIRD PASS – FEE 450 USD

(Valid till June 30 2026)

All the benefits of standard pass plus

- Priority seating at opening ceremony
- VIP registration lane access

STANDARD PASS – FEE 550 USD

(Applicable from July 1 2026)

All the benefits of standard pass

ONSITE REGISTRATION – FEE 700 USD

(Applicable from November 1 2026)

All the benefits of standard pass
